

# Potter Class Learning

We have been thinking about teen numbers. We look at the numberline each day and work out how many people are in our

We used the pipettes and coloured water to mix our own colours.

The pipettes helped strengthen our fingers too.

Please remember clothes suitable for cold weather. This week lots of learning took place in the ice and snow.

We used our new easel. We used lots of different coloured and shapes to create our pictures.

We practised adding using frogs and spot on ladybirds.

We used words like add, plus, equals and altogether
