

Acceptable Use Policies for Educational Settings

September 2017

Children Acceptable Use Policy

The following statements are provided as suggestions and guidance only and it is recommended that settings write their own AUP to reflect the needs and abilities of their pupils/community, the technology available and the settings online safety ethos. Where possible and appropriate, children and young people should be directly involved in this process.

Although the statements for children are collected within key stages it is recommended that settings amend and adapt them according to their own cohorts as appropriate. Settings will need to adapt these templates in line with their own technology use, for example the expectations or requirements may vary if settings use laptops or tablets.

Larger versions of the posters available for use to reinforce the expectations regarding children's acceptable use of technology can be found on [Kelsi](#).

Early Years and Key Stage 1 (0-6)

- I only use the internet when an adult is with me
- I only click on links and buttons online when I know what they do
- I keep my personal information and passwords safe online
- I only send messages online which are polite and friendly
- I know the school can see what I am doing online
- I know that I am not allowed to bring my own tablet or mobile phone in to school and that if I have to- it must be left in the school office.
- I will use the school tablets respectfully
- I know that I am to use the school tablets in the same way I would the computers or laptops
- I am not allowed to change passwords on the school tablets or try to download any apps.
- I know that if I do not follow the rules then:
 - My teacher will talk to me about what I have done
 - My parents might have to be informed
 - I might not be allowed to use equipment unless under direct supervision in future.
- I have read and talked about these rules with my parents/carers
- I always tell an adult/teacher if something online makes me feel unhappy or worried
- I can visit www.thinkuknow.co.uk to learn more about keeping safe online

Shortened version (for use on posters)

- I only go online with a grown up
- I am kind online
- I keep information about me safe online
- I tell a grown up if something online makes me unhappy or worried

Key Stage 2 (7-11)

Safe

- I only send messages which are polite and friendly
- I will only post pictures or videos on the internet if they are appropriate and if I have permission
- I only talk with and open messages from people I know and I only click on links if I know they are safe
I know that people I meet online may not always be who they say they are. If someone online suggests meeting up, I will immediately talk to an adult

Trust

- I know that not everything or everyone online is honest or truthful and will check content on other sources like other websites, books or with a trusted adult
- I always credit the person or source that created any work, image or text I use

Responsible

- I know that I am not allowed to bring my own tablet or mobile phone in to school and that if I have to- it must be left in the school office.
- I will use the school tablets respectfully
- I know that I am to use the school tablets in the same way I would the computers or laptops
- I am not allowed to change passwords on the school tablets or try to download any apps.
- I always ask permission from an adult before using the internet
- I only use websites and search engines that my teacher has chosen
- I use school computers for school work, unless I have permission otherwise
- I keep my personal information safe and private online
- I will keep my passwords safe and not share them with anyone
- I will not access or change other people's files or information
- I will only change the settings on the computer if a teacher/technician has allowed me to

Understand

- I understand that the school's internet filter is there to protect me, and I will not try to bypass it.
- I know that my use of school devices/computers and internet access will be monitored
- I have read and talked about these rules with my parents/carers
- I can visit www.thinkuknow.co.uk and www.childline.org.uk to learn more about keeping safe online
- I know that if I do not follow the school rules then:
 - My teacher will talk to me about what I have done
 - My parents might have to be informed
 - I might not be allowed to use equipment unless under direct supervision in future.

Tell

- If I am aware of anyone being unsafe with technology then I will report it to a teacher
- I always talk to an adult if I'm not sure about something or if something happens online that makes me feel worried or frightened
- If I see anything online that I shouldn't or that makes me feel worried or upset then I will minimise the page and tell an adult straight away

Shortened version (for use on posters)

- I ask an adult which websites I can use
- I will not assume information online is true
- I know there are laws that stop me copying online content
- I know I must only open online messages that are safe and if I'm unsure then I won't open it without speaking to an adult first
- I know that people online are strangers and they may not always be who they say they are
- If someone online suggests meeting up then I will always talk to an adult straight away
- I will not use technology to be unkind to people
- I will keep information about me and my passwords private
- I always talk to an adult if I see something which makes me feel worried

Dear **child's name**

All pupils at our school use computer facilities including internet access as an essential part of learning and fun in today's modern British Society. You will have the opportunity to access a wide range of information and communication technology (ICT) resources. This includes access to:

- Computers, laptops and other digital devices
- Internet which may include search engines and educational websites
- School learning platform/intranet
- Digital cameras, web cams and video cameras
- Recorders and Dictaphones

At Frittenden CEP School we recognise the essential and important contribution that technology plays in promoting your learning and development, both at school and at home. However we also recognise there are potential risks involved when using online technology. The school will take all reasonable precautions to ensure that you are as safe as possible when using school equipment and will work together with you and your family to help you stay safe online.

At Frittenden CEP School we want to ensure that all members of our community are safe and responsible uses of technology. We will support you to:

- ☞ Become empowered and responsible digital creators and users
- ☞ Use our school resources and technology safely, carefully and responsibly
- ☞ Be kind online and help us to create a school community that is respectful and caring, on and offline
- ☞ Be safe and be sensible online and always know that you can talk to a trusted adult if you need help

We request that you and your family read the school Acceptable Use Policy and return the attached slip.

Should you have any worries about online safety then you can speak with your child's teacher or the headteacher. You can also access support through the school office and via websites such as www.thinkuknow.co.uk and www.childline.org.uk

We look forward to helping you become a positive and responsible digital citizen.

Yours sincerely,

Headteacher

Frittenden CEP School Pupil Acceptable Use Policy - Pupil Response

I, with my parents/carers, have read and understood the pupil Acceptable Use Policy (AUP).

I agree to follow the pupil AUP when:

1. I use school systems and devices on site
2. I use my own equipment out of the school, in a way that is related to me being a member of the school community, including communicating with other members of the school and learning platform or website.

Dear Parent/Carer

All pupils at Frittenden CEP School use computer facilities and internet access, as an essential part of learning as required by the National Curriculum. Your child will have the opportunity to access a wide range of information and communication technology (ICT) resources. This includes access to:

- Computers, laptops and other digital devices
- Internet which may include search engines and educational websites
- Digital cameras, web cams and video cameras

Frittenden CEP School recognises the essential and important contribution that technology plays in promoting children's learning and development, believe it and offers a fantastic range of positive activities and experiences. We do recognise however that this can bring risks. We take your child's online safety seriously and, as such, will take all reasonable precautions to ensure that pupils are safe when they use our internet and systems. This includes: supervision of pupils using devices; application of filtering systems; ensuring that online safety is taught to our pupils.

We recognise however that no technical system can replace online safety education and believe that children themselves have an important role to play in developing responsible behaviour. In order to support the school in developing your child's knowledge and understanding about online safety, we request that you read the attached Acceptable Use Policy with your child, discuss the content with them and return the attached slip.

We understand that your child is too young to give informed consent on his/ her own; however, we feel it is good practice to involve them as much as possible in the decision making process, and believe a shared commitment is the most successful way to achieve this. (EYFS /KS1)

Hopefully, you will also find this Acceptable Use Policy provides you with an opportunity for conversations between you and your child about safe and appropriate use of the technology, both at school and at home.

We request that all parents support our approach to online safety by role modelling safe and positive online behaviour and by discussing online safety whenever children access technology at home. Parents can visit the school website's www.frittenden.kent.sch.uk for more information about our approach to online safety. Full details of the school's online safety policy are available on the school website or on request.

Parent/Carer Acceptable Use Policy Acknowledgement Form

Pupil Acceptable Use Policy: Frittenden CEP School Parental Acknowledgment

I, with my child, have read and discussed Frittenden CEP School Pupil Acceptable Use Policy.

I am aware that any internet and computer use using school equipment may be monitored for safety and security reason to safeguard both my child and the schools systems. This monitoring will be proportionate and will take place in accordance with data protection, privacy and human rights legislation.

I with my child, am aware of the importance of safe online behaviour and will not deliberately upload or add any images, video, sounds or text that could upset, threaten the safety of or offend any member of the school community.

I understand that the school will take every reasonable precaution, including monitoring and filtering systems, to ensure that young people will be safe when they use the internet and systems. I also understand that the school cannot ultimately be held responsible for the nature and content of materials accessed on the internet and using mobile technologies.

I understand that the school will contact me if they have concerns about any possible breaches of the Acceptable Use Policy or have any concerns about my child's safety.

I will inform the school or other relevant organisations if I have concerns over my child's or other members of the school communities' safety online.

I know that my child will receive online safety education to help them understand the importance of safe use of technology and the internet – both in and out of school.

I will support the schools online safety approaches and will encourage my child to adopt safe use of the internet and digital technologies at home.

Dear **member of staff name**,

At Frittenden CEP School, we recognise that staff can be vulnerable to online risks. Social media can blur the definitions of personal and working lives; it is important that all members of staff at Frittenden CEP School take precautions in order to protect themselves both professionally and personally online. With this in mind, we request that all members of staff:

- Are conscious of their own professional reputation and that of the school when online.
 - All members of staff are strongly advised in their own interests, to take steps to ensure that their personal information and content is not accessible to anybody who does not or should not have permission to access it.
 - Content shared online cannot be guaranteed to be “private” and could potentially be seen by unintended audiences. This can have consequences including civil, legal and disciplinary action being taken.
- Are aware that as professionals, we must ensure that the content we post online does not bring the school or our professional role into disrepute, and does not undermine professional confidence in our abilities.
 - The teaching standards state that as professionals we should be achieving the highest possible standards in our conduct, act with honesty and integrity and forge positive professional relationships.
- All Staff be careful when publishing any information, personal contact details, video or images online.
 - It is very important to be aware that sometimes content shared online, even in jest, can be misread, misinterpreted or taken out of context, which can lead to complaints or allegations being made. Don't be afraid to be yourself online, but do so respectfully.
 - Ensure that the privacy settings of the social media sites that you use are set appropriately and access to restricted
 - Ask yourself if you would feel comfortable about a current or prospective employer, colleague, child in your care or their parent/carer, viewing or sharing your content. If the answer is no, then consider if it should be posted online at all.
- Do not to accept pupils (past or present) or their parents/carers as “friends” on a personal account.
 - You may be giving them access to your personal information and allowing them to contact you inappropriately through unregulated channels. They may also be giving you access to their personal information and activities which could cause safeguarding concerns.
 - If you have a pre-existing relationship with a child or parent/carer that may compromise this or have any queries or concerns, please speak to the Designated Safeguarding Lead Nic Costello.
- Always use a work provided email address or phone number to contact children and parents – this is essential in order to protect yourself as well as the wider community.
- If you are concerned about a child's wellbeing or online behaviour then please speak to the Designated Safeguarding Lead Nic Costello or one of the other DSL's (Rachel Thomas / Amy Wichall). If you are targeted online by a member of the community or are concerned about a colleague, then please speak to the headteacher and/or chair of governors Alex Davies.
 - If you are unhappy with the response you receive, or do not feel able to speak to the Designated Safeguarding Lead, headteacher or chair of governors then we request you follow our Whistleblowing procedure, which can be found on the school website under the policy heading.

Documents called “Cyberbullying: Supporting School Staff”, “Cyberbullying: advice for headteachers and school staff” and “Safer professional practice with technology” are available in the staffroom to help you consider how to protect yourself online.

Please photocopy them if you want or download the documents directly from:

- www.childnet.com,
- www.e-safety.org.uk
- www.gov.uk/government/publications/preventing-and-tackling-bullying
- www.saferinternet.org.uk

Additional advice and guidance for professionals is available locally through the Education Safeguarding Team or nationally through Professional Unions and/or the Professional Online Safety helpline www.saferinternet.org.uk/about/helpline

I would like to remind all staff of our Acceptable Use Policy and the importance of maintaining professional boundaries online. Failure to follow this guidance and the school behaviour policy/code of conduct could lead to disciplinary action; it is crucial that all staff understand how to protect themselves online.

Please speak to me if you have any queries or concerns regarding this.

Yours sincerely,

Headteacher

Staff Acceptable Use Policy

As a professional organisation with responsibility for safeguarding it is important that staff take all possible and necessary measures to protect data and information systems from infection, unauthorised access, damage, loss, abuse and theft. All members of staff have a responsibility to use the school's computer system in a professional, lawful, and ethical manner. To ensure that members of staff are fully aware of their professional responsibilities when using technology, they are asked to read and sign this Acceptable Use Policy.

This is not an exhaustive list; all members of staff are reminded that IT use should be consistent with the school ethos, school policies, national/local guidance and expectations, and the Law.

1. I understand that Information Systems and IT include networks, data and data storage, online and offline communication technologies and access devices. Examples include laptops, mobile phones, tablets, digital cameras, email and social media sites.
2. School owned information systems must be used appropriately. I understand that the Computer Misuse Act 1990 makes the following criminal offences: to gain unauthorised access to computer material; to gain unauthorised access to computer material with intent to commit or facilitate commission of further offences or to modify computer material without authorisation.
3. I understand that any hardware and software provided by my workplace for staff use can only be used by members of staff and only for educational use. To prevent unauthorised access to systems or personal data, I will not leave any information system unattended without first logging out or locking my login as appropriate. I will protect the devices in my care from unapproved access or theft.
4. I will respect system security and I will not disclose any password or security information. I will use a 'strong' password; a strong password has numbers, letters and symbols, with 8 or more characters, does not contain a dictionary word and is only used on one system and is changed regularly.
5. I will not attempt to install any purchased or downloaded software, including browser toolbars, or hardware without permission from the system manager.
6. I will ensure that any personal data of pupils, staff or parents/carers is kept in accordance with the Data Protection Act 1998.
 - This means that all personal data will be obtained and processed fairly and lawfully, only kept for specific purposes, held no longer than necessary and will be kept private and secure with appropriate security measures in place, whether used in the workplace, hosted online or accessed remotely.
 - Any data which is being removed from the school site (such as via email or on memory sticks or CDs) will be encrypted by a method approved by the school).
 - Any images or videos of pupils will only be used as stated in the school image use policy and will always take into account parental consent.
7. I will not keep or access professional documents which contain school-related sensitive or personal information, including images, files, videos and emails, on any personal devices, such as laptops, digital cameras, and mobile phones. Where possible I will use the School Learning Platform to upload any work documents and files in a password protected environment or an encrypted memory stick.
8. I will not store any personal information on the school computer system including any school laptop or similar device issued to members of staff that is unrelated to school activities, such as personal photographs, files or financial information.
9. I will respect copyright and intellectual property rights.
10. I have read and understood the school online safety policy which covers the requirements for safe IT use, including using appropriate devices, safe use of social media websites and the supervision of pupils within the classroom and other working spaces

11. I will immediately report any illegal, inappropriate or harmful material or incidents I become aware of, to the Designated Safeguarding Lead Nic Costello as soon as possible.
12. I will not attempt to bypass any filtering and/or security systems put in place by the school. If I suspect a computer or system has been damaged or affected by a virus or other malware, or if I have lost any school related documents or files, then I will report this to the headteacher as soon as possible.
13. My electronic communications with current or past pupils, parents/carers and other professionals will take place within clear and explicit professional boundaries, and will be transparent and open to scrutiny at all times.
 - All communication will take place via school approved communication channels such as a school provided email address or telephone number, and not via personal devices or communication channels, such as personal email, social networking or mobile phones.
 - Any pre-existing relationships or situations that may compromise this will be discussed with the headteacher.
14. I will ensure that my online reputation and use of IT and information systems are compatible with my professional role, whether using school or personal systems. This includes the use of email, text, social media, social networking, gaming and any other devices or websites.
 - I will take appropriate steps to protect myself online as outlined in the Online Safety policy and will ensure that my use of IT and the internet will not undermine my professional role, interfere with my work duties and will be in accordance with the school code of conduct policy and the Law.
15. I will not create, transmit, display, publish or forward any material online that is likely to harass, cause offence, inconvenience or needless anxiety to any other person, or anything which could bring my professional role, the school, or the County Council, into disrepute.
16. I will promote online safety with the pupils in my care and will help them to develop a responsible attitude to safety online, system use and to the content they access or create.
17. If I have any queries or questions regarding safe and professional practise online either in school or off site, then I will raise them with the headteacher, who is the Designated Safeguarding Leader.
18. I will ensure that children use tablets in a safe manner and are applying the rules that the school has set out for computer and laptop use in school. Pupils will be reminded not to change or apply new passwords.
19. I understand that my use of the school information systems, including any devices provided by the school, school internet and school email may be monitored and recorded to ensure the safety of children and staff and to ensure policy compliance. This monitoring will be proportionate and will take place in accordance with data protection, privacy and human rights legislation.
20. I understand that the school may exercise its right to monitor the use of information systems, including internet access and the interception of emails, in order to monitor policy compliance. Where it believes unauthorised and/or inappropriate use or unacceptable or inappropriate behaviour may be taking place, the school may invoke its disciplinary procedures. If the school suspects criminal offences have occurred, the matter will be brought to the attention of the relevant law enforcement organisation.

Visitor/Volunteer Acceptable Use Policy

As a professional organisation with responsibility for children's safeguarding it is important that all members of the community are fully aware of their professional responsibilities and read and sign this Acceptable Use Policy. This is not an exhaustive list and visitors/volunteers are reminded that ICT use should be consistent with the school ethos, other appropriate school policies, relevant national and local guidance and expectations, and the Law.

1. I will ensure that any personal data of pupils, staff or parents/carers is kept in accordance with the Data Protection Act 1998. Any data which is being removed from the school site, such as via email or on memory sticks or CDs, will be encrypted by a method approved by the school. Any images or videos of pupils will only be used as stated in the school image use policy and will always take into account parental consent.
2. I have read and understood the school online safety policy which covers the requirements for safe ICT use, including using appropriate devices, safe use of social media websites and the supervision of pupils within the classroom and other working spaces.
3. I will follow the school's policy regarding confidentially, data protection and use of images and will abide with copyright and intellectual property rights, child protection legislation, privacy and data protection law and other relevant civil and criminal legislation.
4. My electronic communications with pupils, parents/carers and other professionals will only take place within clear and explicit professional boundaries and will be transparent and open to scrutiny at all times.
 - o All communication will take place via school approved communication channels such as via a school provided email address or telephone number and not via personal devices or communication channels such as via personal email, social networking or mobile phones.
 - o Any pre-existing relationships or situations that may compromise this will be discussed with the Designated Safeguarding Lead, who is the headteacher.
5. My use of ICT and information systems will be compatible with my role within school. This includes the use of email, text, social media, social networking, gaming, web publications and any other devices or websites. I will take appropriate steps to protect myself online and my use of ICT will not interfere with my work duties and will always be in accordance with the school AUP and the Law.
6. I will not create, transmit, display, publish or forward any material that is likely to harass, cause offence, inconvenience or needless anxiety to any other person, or anything which could bring my professional role, the school, or the County Council, into disrepute.
7. I will promote online safety with the children in my care and will help them to develop a responsible attitude to safety online, system use and to the content they access or create.
8. If I have any queries or questions regarding safe and professional practise online either in school or off site, I will raise them with the Designated Safeguarding Lead, who is the headteacher.
9. I will report any incidents of concern regarding children's online safety to the Designated Safeguarding Lead Nic Costello, or Rachel Thomas / Amy Wichall as soon as possible.
10. I understand that if the school believes inappropriate use or unacceptable behaviour is taking place, the school may invoke its disciplinary procedure. If the school suspects criminal offences have occurred, the matter will be brought to the attention of the relevant law enforcement organisation.

Wi-Fi Acceptable Use Policy

For those using school Wi-Fi

As a professional organisation with responsibility for children's safeguarding it is important that all members of the school community are fully aware of the schools boundaries and requirements when using the school Wi-Fi systems, and take all possible and necessary measures to protect data and information systems from infection, unauthorised access, damage, loss, abuse and theft. This is not an exhaustive list and all members of the school community are reminded that ICT use should be consistent with the school ethos, other appropriate policies and the Law.

1. The school provides Wi-Fi for the school community and allows access for educational purposes only.
2. I am aware that the school will not be liable for any damages or claims of any kind arising from the use of the wireless service. The School takes no responsibility for the security, safety, theft, insurance and ownership of any device used within the School premises that is not the property of the School.
3. The use of ICT devices falls under Frittenden CEP school's Acceptable Use Policy, online safety policy and behaviour policy which all students/staff/visitors and volunteers must agree to, and comply with.
4. The school reserves the right to limit the bandwidth of the wireless service, as necessary, to ensure network reliability and fair sharing of network resources for all users.
5. School owned information systems, including Wi-Fi, must be used lawfully and I understand that the Computer Misuse Act 1990 makes the following criminal offences: to gain unauthorised access to computer material; to gain unauthorised access to computer material with intent to commit or facilitate commission of further offences or to modify computer material without authorisation.
6. I will take all practical steps necessary to make sure that any equipment connected to the schools service is adequately secure, such as up-to-date anti-virus software, systems updates.
7. The school's wireless service is not secure, and the school cannot guarantee the safety of traffic across it. Use of the school's wireless service is done at my own risk. By using this service, I acknowledge that security errors and hacking are an inherent risk associated with any wireless network. For that reason, I expressly agree that I knowingly assume such risk, and further agree to hold the school harmless from any claim or loss arising out of, or related to, any such instance of hacking or other unauthorized use or access into my computer or device.
8. The school accepts no responsibility for any software downloaded and/or installed, e-mail opened, or sites accessed via the school's wireless service's connection to the internet. Any damage done to equipment for any reason including, but not limited to, viruses, identity theft, spyware, plug-ins or other internet-borne programs is my sole responsibility; and I indemnify and hold harmless the school from any such damage.
9. The school accepts no responsibility regarding the ability of equipment, owned by myself, to connect to the school's wireless service.

10. I will respect system security and I will not disclose any password or security information that is given to me. To prevent unauthorised access to systems or personal data, I will not leave any information system unattended without first logging out or locking my login as appropriate.
11. I will not attempt to bypass any of the schools security and filtering systems or download any unauthorised software or applications.
12. My use of the school Wi-Fi will be safe and responsible and will always be in accordance with the school AUP and the Law including copyright and intellectual property rights. This includes the use of email, text, social media, social networking, gaming, web publications and any other devices or websites.
13. I will not upload, download, access or forward any material which is illegal or inappropriate or may cause harm, distress or offence to any other person, or anything which could bring the school into disrepute.
14. I will report any online safety concerns, filtering breaches or receipt of inappropriate materials to the Designated Safeguarding Lead and/or the designated lead for filtering Nic Costello as soon as possible.
15. If I have any queries or questions regarding safe behaviour online then I will discuss them with Designated Safeguarding Lead, who is the headteacher.
16. I understand that my use of the schools Wi-Fi will be monitored and recorded to ensure policy compliance in accordance with privacy and data protection legislation. If the schools suspects that unauthorised and/or inappropriate use or unacceptable or inappropriate behaviour may be taking place, then the school terminate or restrict usage. If the School suspects that the system may be being used for criminal purposes, the matter will be brought to the attention of the relevant law enforcement organisation.

I have read, understood and agree to comply with Frittenden CEP School Wi-Fi Acceptable Use Policy.
