Guidance Note:

This model Pay Policy has been developed by SPS for use in all Schools and Academies.

This policy may be adopted in its entirety or adapted for use by Schools and Academies

The Schools' Personnel Service is able to advise and support Schools and Academies in developing their own policies.

Kent Schools

The Local Authority expects that all KCC Community and Voluntary Controlled Schools will use this document as the basis for their Pay Policy. This document is also strongly recommended for consideration for adoption by Foundation and Aided Schools.

Using this model document

This document has been developed to comply with legal requirements and the provisions of the Burgundy Book for Teachers and Kent Scheme Conditions of Service for Support Staff.

There are a number of areas of discretion available to Schools / Academies regarding the development of their pay policy. Areas where Schools / Academies may determine their own approach or adopt varied provisions are indicated in italics throughout. There are additional guidance notes within the policy which may wish be deleted from the final version.

A separate guidance document is available to support Schools / Academies in developing their own policy. These include a range of model pay frameworks which Schools / Academies may wish to adopt.

Consultation on this policy has taken place with KCC's recognised professional associations and Trade Unions although agreement has not been reached on all points with all of these organisations.

Schools / Academies are strongly advised to ensure that there is meaningful consultation with all staff and their trade union / professional representatives at a local level on the development and annual review of their pay policy.

Please note that this document uses 'School' to denote reference to Schools and Academies

Part A - Policy

1 Policy Statement

This policy sets out the framework for making pay decisions for all Employees of Frittenden CEP School.

The School understands the importance of ensuring all Employees are appropriately recognised and rewarded for the contribution they make to the performance of the School and to outcomes for pupils. The School will endeavour to reward all staff appropriately within the budget available.

Pay determinations will be made within the framework set out in the School Teachers' Pay and Conditions Document for Teachers and the Kent Scheme Conditions of Service for Support Staff*. The School may use the discretions and flexibilities available within these terms and conditions to recruit, reward and retain the highest quality Employees according to the needs of the School.

The School will ensure that all Employees are treated fairly and equitably and that pay determinations are managed in an objective and transparent manner.

Pay on appointment will be determined with reference to the accountabilities of the role and the skills / knowledge required to fulfill the responsibilities of the post.

The School will review the pay of all eligible Employees on an annual basis. In making pay decisions, careful consideration will be given to recommendations regarding pay progression made by the Headteacher / Appraiser. Annual pay progression within the pay framework for all Employees is not automatic and will be subject to a performance related assessment.

The criteria against which entitlement to pay progression will be assessed is set out in this policy. In applying these criteria the School will ensure there is a clear and robust link between evidence of performance, as demonstrated through appraisal, and pay determinations. Where an Employee is not meeting the performance expectations of the School, pay progression may be withheld.

All Employees have a responsibility to engage in the appraisal process and ensure there is appropriate evidence available from this on which pay decisions can be made.

The School will ensure that Employees are informed in a timely manner about any pay determination and will endeavour to ensure appeals against pay decisions are managed promptly, fairly and objectively.

This policy has been developed to comply with the provisions of the School Teachers' Pay and Conditions Documents (STPCD), Kent Scheme Conditions of Service*, The Education (School Teacher's Appraisal) (England) Regulations 2012 for Teachers and relevant equalities legislation (Employment Relations Act 1999, the Equality Act 2010, Part Time Workers (Prevention of Less Favourable Treatment Regulations) 2000 and the Fixed Term Employees (Prevention of Less Favourable Treatment Regulations) 2002).

This policy explains:

- The School's adopted pay framework for Teachers and Support Staff
- The criteria which will be considered when making pay decisions

- The process by which pay determinations / decisions will be made
- The role of Governors, the Headteacher / Line Manager with regards to pay decisions

2 Scope

This Policy applies to all current Employees of Frittenden CEP School.

3 Adoption Arrangements and Date

This policy was adopted by the Governing Body of Frittenden CEP School on 20th November 2018 and supersedes any previous Pay Policy.

This policy will be reviewed by the Governing Body annually or earlier if there is a need. Where changes are proposed this will involve consultation with the recognised unions.

Part B – Framework for Pay Decisions

4 Delegation

In this School the Governing Body has delegated pay decisions for all Employees, with the exception of pay decisions for members of the Leadership team, to the Headteacher.

Pay recommendations will be made by the Headteacher or in the case of teaching assistance, by the SEND-Co in consultation with the headteacher.

All pay decisions for members of the Leadership team / individuals paid on the Leadership pay range, including the Headteacher, will be made by a Pay Committee of the Governing Body. The pay committee will be comprised of one or more members of the Governing Body.

Pay appeals will be heard by a panel of one or more members of the Governing Body.

Staff Governors will not be appointed to serve on any Pay Committee or appeal panel.

The terms of Reference for the Governing Body, Pay Committee and Headteacher with regards to pay decisions are at Appendix 1 to this policy.

5 Annual Pay Review

5.1 Teachers

The Governing Body will determine annually the uplift to Teachers' salaries and allowances. Any increase will be made with reference to the minimum / maximum of each of the pay ranges published annually within the STPCD.

The pay of eligible Teachers will be reviewed annually*.

Pay reviews will be completed and individuals notified of their pay decision by 31st October for all Teachers, including Teachers paid on the Leadership range and by 31st December for the Headteacher.

Any pay determination will be backdated to 1st September.

(* Teachers are eligible for a pay review if they have completed a year of service. This is defined as having been employed for a minimum of one session per week in 26 weeks in the preceding academic year up to 1st September. Periods of sick / maternity / paternity leave also qualify towards this service)

5.2 Support Staff

For Foundation / Aided Schools / Academies

Decisions relating to support staff eligible for salary progression will be made in accordance with the timescales and provisions set out in the Schools locally agreed pay framework for support staff and within the timescales specified below.

The Governing Body will determine annually how any uplift made to Kent Scheme salaries will be applied in this School.

The pay of eligible members of support staff will be reviewed annually*

Any pay determination will take effect from 1st April.

(* where the School follows an April to March appraisal cycle - support staff are eligible for a pay review if they started in post on or before 1st October).

6 Notification of pay determinations

The Headteacher will confirm in writing the pay determination of all teaching and support staff and notify the School's payroll /personnel provider of any salary increase. In the case of pay decisions relating to the Leadership Team, this will be the responsibility of the Chair of the Pay Committee or their delegated representative.

As required by the STPCD the School will provide Teachers with a formal salary statement on an annual basis setting out the component elements of their salary.

7 Withholding Pay Progression

Guidance Note:

It is good practice for schools to provide feedback during the course of the year as part of the appraisal process on those areas of performance where the teacher might need to improve to ensure a positive assessment at the end of the pay cycle.

Schools are advised to ensure teachers are alerted to the possibility that their performance may not merit pay progression where the evidence would seem to indicate this potential position. This may be done by letter or meeting as appropriate and should happen at the earliest opportunity possible to ensure the teacher has the opportunity to remedy the position.

Pay progression may be withheld where performance, as evidenced through appraisal, does not meet the School's criteria to receive a pay increase.

Pay progression may be withheld even in cases where the Employee is not subject to the School's capability procedure.

Employees currently under the formal stages of the capability procedure will not receive pay progression.

The School will endeavour to have early conversations with Employee's during the assessment period where performance may not warrant pay progression.

8 Appeals

An Employee may seek a review of any pay determination.

Prior to making an appeal an Employee is encouraged to speak informally to their appraiser / Headteacher about any concerns they have with regard to the pay recommendation which has been made.

Pay appeals will be heard by a committee of the Governing Body. The arrangements for pay appeals are set out in Appendix 8.

9 Equality Considerations

Guidance Note:

Schools are advised to refer to supplementary guidance issued by the DfE – Implementing your School's Approach to Pay for further guidance on equality considerations with regards to pay. Schools should review pay progression outcomes of teachers with protected characteristics to ensure that they are not being treated less favourably as a consequence of policies, criteria and/or practices

The School is committed to ensuring consistency of treatment and fairness and will give due regard to equality and equal pay considerations when making pay determinations.

Part C – Pay for Teachers

10 Teachers' Pay Ranges

The Governing Body has determined the pay framework for Teachers. This is attached at Appendix 2.

The Governing Body will review the pay framework annually with effect from 1st September to reflect any changes to the national pay framework as set out in the STPCD.

11 Pay on Appointment

Guidance Note:

In most cases it would be expected that a school would want or need to offer a salary commensurate with that of a teacher's current position where the new post is of the same or broadly similar responsibility to their previous school.

However where a school is considering an offer below current salary, consideration should be given to potential recruitment and equality implications.

The Headteacher will determine the appropriate pay range for a teaching post prior to advertising. When determining the pay range consideration will be given to the responsibilities of the post and the need to ensure pay is fairly differentiated between roles across the school with differing levels of accountability.

On appointment the Headteacher will determine the starting salary within the pay range to be offered to the successful candidate.

In determining the appropriate starting salary the following factors will be taken into consideration:

- The nature and responsibilities of the post
- The qualifications, skills and experience required
- The market conditions
- The wider School context

Consideration will be given to ensuring that Teachers returning to the profession following a career break / time out to care for a family are not placed at a disadvantage in terms of pay offered on appointment.

The School will give every regard to the current salary of a Teacher who is appointed from another School. A Teacher may be paid a rate equivalent to their current salary, however there is no assumption that a Teacher will automatically be paid at the same level or on the same pay range as they were in their previous School.

11.1 Post Threshold Teachers

Where a Teacher has been paid on the upper pay range in a previous school or made a successful threshold application in a previous post there is no obligation for the school to honour this assessment, however consideration may be given to this when determining the starting salary or range.

11.2 Newly Qualified Teachers

Newly Qualified Teachers in their first year of teaching will usually be appointed at the minimum of the main pay range, however the Headteacher has discretion to appoint at a higher salary in recognition of prior skills and experience.

Newly qualified Teachers who start employment with the School before receiving confirmation of their QTS status and completion of the basic skills test will initially be engaged as an Unqualified Teacher and paid within the unqualified Teacher salary range.

11.3 Leading Practitioners

The School may determine the need to appoint Leading Practitioner posts within the school. It is the School's policy to appoint leading practitioners at the bottom of the identified pay range

11.4 Unqualified Teachers

Unqualified Teachers may be appointed by the school as trainees working towards qualified teacher status; as instructors with a particular skill, specialist qualification or experience; or, for a maximum of 4 years only, as an overseas trained teacher (trained outside of the EEA).

An Unqualified Teacher who gains QTS within this School will be appointed on a starting salary that equals or exceeds any previous salary and allowances they received as an Unqualified Teacher.

11.5 Pay on appointment in particular circumstances

Where a Teacher is engaged in 2 schools simultaneously there is no requirement for them to receive the same rate of pay for each employment.

Where a Teacher is appointed on a part time basis their salary, allowances and working time will be calculated in accordance with the pro rata principle.

Teachers engaged on a supply basis will receive a daily rate equivalent to 1/195 of the annual pay they would be entitled to if they were engaged on a regular contract. Supply Teachers who work less than a full day will receive a proportion of the daily rate pro rata'd to the hours for which they have been engaged.

12 Discretionary Allowances and Payments for Teachers

Allowances and additional payments will be determined in accordance with the provisions of the STPCD. The Pay Committee / Headteacher may determine on appointment or at any point during employment whether any allowance or additional payment is to be made to a Teacher.

12.1 Teaching Learning and Responsibility Payments (TLR)

TLR payments may be awarded to identified posts which require a Teacher to undertake a sustained additional responsibility for which s/he is accountable.

The School will make reference to the current criteria and provisions within the STPCD in determining which posts will warrant a TLR.

TLR 1 and 2 will be awarded for additional responsibilities undertaken on a permanent basis. A TLR 3 payment may be awarded on a temporary basis for clearly time limited School improvement projects or externally driven responsibilities. No safeguarding will be paid when a TLR3 payment ends.

The current values of TLR payments in this School are specified in Appendix 2.

Where a TLR is awarded the reason, additional payment, and in the case of a temporary TLR3, duration / reason will be confirmed in writing to the Employee.

A Teacher cannot be in receipt of both a TLR1 and TLR2 but can receive a TLR1 or TLR2 in addition to a TLR3.

A Leading Practitioner or Unqualified Teacher can not receive a TLR payment.

12.2 Recruitment and Retention Payments

Additional payments may be awarded as an incentive for the recruitment or retention of a Teacher in accordance with the criteria and provisions of the STPCD. Such payments may be made as a lump sum or as a periodic / recurring payment.

Other financial assistance may be awarded at the discretion of the School – for example full or partial reimbursement of travel / relocation costs.

When awarding such additional payments the reason / duration and end or review date will be confirmed in writing to the Employee.

An Unqualified Teacher may not receive a recruitment and retention payment.

12.3 Special Educational Needs Payment (SEN)

SEN allowances will be awarded in accordance with the criteria and provisions set out in the STPCD.

The current value of SEN Payments in this School specified in Appendix 2.

A Leading Practitioner or Unqualified Teacher can not receive a SEN payment.

All payments will be made at the hourly or daily rate appropriate to their substantive salary.

12.4 Additional Payments

The School may make, at its discretion, additional payments to a Teacher in respect of the following activities:

- Continuing professional development undertaken outside of the School day
- Participation in out of School learning activities
- Additional responsibilities and activities related to the provision of services to raise the educational standards in other Schools
- Activities relating to the provision of initial Teacher training

12.5 Additional Payments to Unqualified Teachers

An Unqualified Teacher may receive an additional allowance where they have taken on sustained additional accountability focused on teaching and learning and requiring the application of a teacher's professional skills and judgement or possess qualifications or experience relevant to the role.

The value of any additional payment will be determined by the Headteacher.

13 Pay Progression for Classroom Teachers

Decisions regarding pay progression will be made with reference to the Teacher's appraisal report and the pay recommendations it contains.

Continued good performance as evidenced through the appraisal process should give the Teacher an expectation of progression to the top of their current pay range.

The Governing Body has determined the criteria for pay progression for each of the pay ranges. The criteria reflect the Teaching Standards and expectations appropriate to the career stage and seniority of the Teacher.

The Schools criteria for pay progression for each of the pay ranges is at Appendix 3.

Where a Teacher is meeting the performance expectations in this school it is usual that they will receive pay progression annually.

In the case of Teachers paid on the upper pay range pay progression will usually be awarded every 2 years subject to meeting and sustaining the performance expectations for pay progression.

In the case of NQTs whose appraisal arrangements are different, pay decisions will be made with reference to evidence from the statutory induction process. It should be noted that NQTs have no automatic entitlement to pay progression on completion of their induction period.

The amount awarded in pay progression will be determined annually with reference to any pay uplift stated in the STPCD. The schools pay progression arrangements are at Appendix 2.

In circumstances where a teacher does not receive pay progression, appropriate feedback will be provided explaining the reasons for this decision and how any developmental issues can be addressed.

14 Upper Pay Range Applications

All qualified Teachers may apply to be paid on the upper pay range.

It is the responsibility of the Teacher to decide whether they wish to apply to be considered for progression to the upper pay range. All applications must be submitted to the Headteacher using the School's Upper Pay Range Application Form. All threshold applications will be assessed by the Headteacher.

A Teacher may only submit one application in each academic year for progression to the upper pay range. In this School the deadline for submitting an application is the 31 August.

In assessing the application the Headteacher will have regard to the outcome of the 2 most recent appraisal reviews. Teachers who have had significant period of absence from work may submit additional evidence from the 2 appraisal cycles immediately prior to their period of absence to demonstrate how they meet the criteria for progression.

Where a Teacher is simultaneously employed at another School(s), they are required to submit separate applications for each employment. The School will not be bound by any threshold progression decision made by another School.

14.1 Criteria for Progression to the Upper Pay Range

To progress to the Upper Pay Range a Teacher will be required to demonstrate that they have consistently made good progress towards their appraisal objectives over the 2 most recent appraisal cycles.

In addition they will need to demonstrate that they are:

- highly competent in all elements of the professional standards
- their achievements and contributions to the School are substantial and sustained

Appendix 4 sets out how the school will interpret whether a Teacher meets the criteria to progress to the Upper Pay Range.

14.2 Procedure for assessing Upper Pay Range Applications

The Headteacher will assess the Teacher's application against the school's criteria and advise him / her in writing within 15 working days whether the application has been successful.

Where the application is successful the Teacher will progress to the minimum value of the upper pay range from the following 1st September (for applications made before 31st August) or backdated to 1st September (for applications made after 31st August but before 31st October).

Where an application is unsuccessful the Teacher will receive feedback on the reasons for the decision from the Headteacher.

A Teacher may appeal against an unsuccessful application by following the School's pay appeal process detailed in Appendix 8.

15 Absence during the pay review cycle

Consideration will be given to adjusting the pay review process where a Teacher has had a significant period of absence due to maternity / family related leave, sick leave or disability related absence.

The length and impact of the absence on the Teacher's ability to achieve his/her objectives will be taken into account in the assessment at the end of the appraisal cycle.

Where a Teacher has been absent for some or all of the assessment period, an assessment may be based on performance during any periods of attendance and/or prior performance.

Evidence from the 2 appraisal cycles immediately prior to the period of absence may also be considered.

Appraisal objectives may also be reviewed prior to a planned period of absence to ensure that they are realistic for the period during which the Teacher will be at work.

The precise nature of the adjustments will be determined on a case by case basis following discussion with the Teacher.

Guidance Note:

When assessing whether a Teacher who has been absent has met the criteria for pay progression, the following may be considered:

- *The individual's performance before they were absent.*
- *The individual's performance on return to work - how does it differ from previous performance. Have mitigating factors been considered?*
- *When taking all reasonable factors into account, would pay progression have been given if the absence had not occurred?*

Teachers returning from maternity leave should be given any pay increase they would have received had they not been on maternity leave. The same approach may be appropriate where an absence has been for disability related reasons.

Where a Teacher has been absent for a maternity / disability related reason – the school are strongly advised to take guidance from their personnel provider if they are considering withholding pay progression.

16 Other Pay Considerations for Teachers

16.1 Salary Safeguarding

Where a TLR 1 / TLR2 or other allowance is withdrawn as a result of organisational change, salary safeguarding will be paid for up to 3 years in accordance with the provisions of the STPCD.

The Headteacher may require a Teacher in receipt of safeguarding to undertake reasonable duties commensurate with the value of the safeguarded sum.

Part D – Pay for Leadership Teachers

17 Leadership Pay Range

The pay framework for Teachers paid on the Leadership Pay Range is attached at Appendix 5

The Governing Body will review the pay framework for Leadership Teachers annually with effect from 1st September to reflect any changes to the national pay framework as set out in the STPCD.

18 Pay on Appointment

18.1 Headteacher

The Governing Body will review the Headteacher group size whenever it proposes to appoint a new Headteacher.

The Headteacher group size will be calculated in accordance with the provisions of the STPCD.

The Governing Body / Headteacher Recruitment Panel will identify a pay range within the group size for the School taking into consideration the permanent accountabilities of the post to which the Headteacher will be appointed.

In determining the pay range consideration will be given to:

- The specific requirements of the post
- The School context and challenge
- The complexity of the post
- The requirement to recruit and retain appropriate candidates
- Affordability and comparable salary benchmarking

However the governing body may consider using its discretion to determine a range up to 25% greater in value than the maximum group size for the School should the circumstances warrant.

Exceptionally the governing body may determine a pay range which exceeds the 25% ceiling but only after considering the full business case and seeking external independent advice.

In determining the salary range for the Headteacher, the pay and ranges of other staff will also be taken into account to ensure appropriate differentials are maintained between posts of differing responsibility.

On appointment the Governing Body / Headteacher Recruitment Panel will determine the appropriate starting salary to be offered to the successful candidate. Consideration will be given to ensuring there is appropriate scope within the range to allow for performance related pay progression over time.

18.2 Deputy and Assistant Headteachers

The Governing Body / Pay Committee will determine the appropriate pay range for other Leadership posts within the School prior to advertising.

Consideration will be given to the accountabilities of the role, challenges of the post and any potential recruitment issues when determining the pay range.

The maximum of the Deputy or Assistant's range will not exceed the maximum of the Headteacher range and will only overlap that of the Headteacher in exceptional circumstances.

When determining the pay ranges of Leadership posts, consideration will also be given to the respective levels of accountability and the need to ensure pay is fairly differentiated between Leadership roles across the School with differing levels of responsibility and between teaching and Leadership posts.

On appointment the Governing Body / Pay Committee will determine the starting salary to be offered within the identified pay range ensuring there is appropriate scope for performance related pay progression over time

19 Pay Progression for Leadership Teachers

Decisions regarding the pay progression of Leadership Teachers will be made with reference to their appraisal report and the recommendations it contains.

Sustained performance as evidenced through the appraisal process should give the Leadership Teacher the expectation of progression through the range.

Pay reviews will take place no later than 31st December for the Headteacher and by 31st October for all other leadership teachers. Any pay increase will be backdated to 1st September.

The pay committee may seek the guidance of an external professional advisor or external reports with regards to the School's overall progress when determining the appropriate pay progression for the Headteacher. (Guidance Note: It should be noted that Governors in maintained schools have a statutory duty to appoint an external advisor)

The Governing Body has determined the criteria for pay progression for Teachers paid on the Leadership pay range. The criteria reflect expectations appropriate to the career stage and seniority of the Teacher.

The Schools criteria for pay progression are at Appendix 5.

The amount awarded in pay progression will be determined annually with reference to any pay uplift stated in the STPCD.

The schools pay progression arrangements for the Leadership pay range are at Appendix 2.

20 Absence during the pay review cycle

Please refer to paragraph 15 above.

21 Other considerations regarding the pay of Leadership Teachers

21.1 Redetermination of Leadership Ranges

The Governing Body may redetermine the pay range of any Leadership Teacher in post should it be considered necessary where there has been a significant change in the permanent accountabilities of the post.

This may include circumstances where post holders take on additional accountabilities for more than one School on a permanent basis.

21.2 Temporary Payments to a Headteacher

Guidance Note:

Consideration should be given to both the appropriate payment due to the individual in respect of any additional responsibilities and any payment which may be due to the school to cover the release of the individual.

It should be noted that any additional payments made to a Leadership Teacher should be via the usual payroll arrangements and not on an invoiced basis. All income received as remuneration for support provided by a school is for the purpose of the school and must therefore be paid directly to the school. No member of staff employed by one maintained school can receive direct payments for work undertaken or expenses from another maintained school.

A memorandum of understanding between the schools involved may also be considered.

Schools may wish to seek guidance from their personnel provider on appropriate secondment / acting up arrangements.

The Governing Body may determine that an additional temporary payment be made to a Headteacher for time limited responsibilities / duties additional to the substantive post for which their salary has been determined. This may include circumstances in which a Headteacher is temporarily accountable for the Leadership of another School.

Any such payment should not exceed 25% of the Headteacher's annual salary. The total of all discretionary payments in any one year should not be more than 25% above the ceiling of the Headteacher group size for the School.

21.3 Acting Allowances

An Acting Allowance may be payable to individuals who are assigned to carry out the duties of a Headteacher, Deputy or Assistant Headteacher on a temporary basis.

Payment of an acting allowance will be at the discretion of the Governing Body. Consideration as to whether to pay an acting allowance will be made within 4 weeks of the start of the additional duties.

Where it is determined that an acting allowance should be paid this will be at a rate no less than the minimum of the pay range of the substantive post holder and will be backdated to the start of the additional duties.

21.4 Discretionary Allowances for Leadership Teachers

Guidance Note:

This paragraph applies to Leadership teachers appointed after 1st September 2014

or who had their pay redetermined after this date. Please refer to the current STPCD for all other teachers

Leadership Teachers may not receive a recruitment and retention payment – any payments with regards to recruitment and retention should be taken into consideration when determining the individual's substantive pay range and salary at the time of appointment.

The Governing Body may at its discretion consider reimbursing housing or relocation costs.

21.5 Salary Safeguarding

Where the pay range of a Leadership Teacher is reduced as a result of organisational change, salary safeguarding may be paid for up to 3 years in accordance with the provisions of the STPCD.

A Teacher in receipt of safeguarding is expected to undertake reasonable duties commensurate with the value of the safeguarded sum.

Part E – Pay for Support Staff

22 Support Staff Pay Range

Guidance Note:

Please amend the sections below according to the specific arrangements in your school

For Schools who have adopted Kent Range

Support staff will be appointed in accordance with the Kent Range Grade Framework. The Kent Range Grade Framework is attached at Appendix 6.

23 Pay On Appointment

The Headteacher will determine the grade of a support staff post prior to advertising.

In determining the grade for the post consideration will be given to the scope and accountabilities of the role. Reference can also be made to the SPS library of benchmarked job profiles / appropriate benchmarking data to support with grading decisions.

On appointment, the Headteacher will determine the starting salary to be offered within the pay range. New starters will normally be appointed at the minimum of the main pay range for the grade. However the Headteacher has discretion to pay above the minimum in recognition of prior skills, qualifications and experience.

Where a member of support staff joins the School from another School post – there is no obligation for the School to match their current grade or salary.

Where an Employee works part time (i.e. less than 37 hours per week / 52 weeks per year) their salary will be pro rata to the hours and weeks worked. Employees engaged on a term time only basis will receive a payment in respect of their annual leave entitlement incorporated within their annual salary.

24 Pay Progression for Support Staff

Annual pay progression will be determined with reference to the outcome of the Employee's appraisal and Total Contribution Pay Assessment.

Continued good performance as evidenced through appraisal should give the Employee the expectation of pay progression to the top of their grade.

In assessing an Employee's Total Contribution the following will be taken into consideration:

- Effectiveness in the job role
- Performance against individual Appraisal Objectives
- Values and behaviours demonstrated
- Wider contribution to the School*
- Application and impact of any personal development undertaken

Performance will be assessed against one of 4 contribution levels

- Performance Improvement Required
- Achieved the Required Standards
- Performance above the Required Standards
- Outstanding Performance

Descriptors for these different levels of performance are available at Appendix 7.

*Employees on grade KR7 and above are expected to demonstrate evidence of wider contribution for an outstanding or above assessment. Where Employees on lower grades have had an opportunity to demonstrate wider contribution this will form part of their assessment. However where an Employee has not had the opportunity to demonstrate wider contribution their assessment will not be adversely affected.

Further information regarding the TCP process is available at:

<http://www.kelsi.org.uk/hr-and-training-for-staff/working-in-kent/pay-conditions-and-benefits/total-contribution-pay;>

25 Annual Pay Determination

This School will award pay progression in accordance with the percentage increase and any minimum guaranteed payment determined annually by KCC.

26 Absence during the pay cycle

Employees on maternity or family related leave, extended sick leave or with several periods of sickness absence will need to accrue a total of nine months in work, during the appraisal year, in order for a fair and accurate assessment to be made.

On their return to work and once an Employee has accrued 9 months aggregated service, a pay assessment will be undertaken and any pay award backdated to 1st April.

27 Staff starting mid way through the pay cycle

Guidance Note:

Please amend the sections below according to the specific arrangements in your school. Schools should ensure appropriate consultation has taken place with Employees and Unions where it is proposed to vary the pay cycle

April to March Appraisal Cycle

Support staff are eligible for a pay review if they started in post on or before 1st October

Where an Employee starts after this date they will not be eligible for a pay review in the April of their first year of service and will not be entitled to a salary increase until the following April.

28 Discretionary Allowances and Additional Payments for Support Staff

28.1 Allowances

The following allowances may be paid to eligible staff:

- First Aid Allowance – payable to Employees undertaking first aid duties who have an appropriate recognised first aid at work qualification
- SENA Allowance – payable to Teaching Assistants working in Special School and Special Units only

28.2 Overtime

Overtime for Employees graded KR8 or less who work in excess of 37 hours in any week will be paid as follows:

Monday to Friday	Saturday / Sunday	Public Holidays
1.33	X 1.33	X 2

Overtime should only be worked with the prior approval of the Headteacher and all claims must be appropriately authorised.

Extra time of less than half an hour each day will not constitute overtime. Overtime is aggregated for each calendar month and paid in complete half hours. Where less than half an hours overtime is worked in a month this will be paid at plain time.

Overtime will not be paid to staff Graded KR9 or above. Time off with lieu may be granted with the prior agreement of the Headteacher.

28.3 Cash Awards

The Headteacher may at its discretion make a cash award to recognise members of support staff who have undertaken a specific task or project. In this School cash awards to an individual will not exceed £500 in any one year. Payments which are over £250 are to be approved by the resource committee.

29 Other Pay Considerations for Support Staff

29.1 Acting up arrangements

Where a member of staff takes on additional accountabilities on a temporary basis the Headteacher may determine whether they should move to a higher grade commensurate with the additional responsibilities for a time limited period.

An Employee may also be seconded to a higher graded post to cover the temporary absence of the substantive post holder.

Where an Employee is on secondment or acting up they will receive their TCP assessment and pay progression on their temporary role. When they revert to their substantive post any percentage increase received in their temporary role will be applied to their substantive pay.

29.2 Redetermination of Grade

Where the Headteacher determines that there has been a permanent change in the accountabilities of a post, a role may be regraded.

Written notification will be provided of any change in salary or grade.

Any redetermination will be made with reference to provisions of the Kent Scheme conditions of service for support staff

Salary changes as a result of a regrading will take effect from the beginning of the month in which the assessment took place Where an individual is upgraded they will normally be placed

at the bottom of the new grade or receive a salary increase of at least 2.5%, whichever is the greater.

29.3 Salary Protection

Employees who are engaged on Kent Scheme terms may be eligible to be paid salary protection for up to 18 months should the grade of their post be reduced or if they are redeployed to a lower graded post as a result of organisational change.

Where the redeployment is to a post which is more than two grades below the Employee's previous post, the Loss of Earnings compensation will only apply to a maximum of two grades above the grade of the new substantive post.

Changes in hours / weeks worked will not attract salary protection.

Pay Progression

The school will review the value of the reference points in the framework with effect from 1st September annually to reflect the provisions of the STPCD.

The school will increase the minimum and maximum pay values of each pay range in line with any uplift of the values stated in the STPCD.

The school will consider annually the increase to be applied to the other reference points in the range. Any increase will be consistent with the percentage increase applied to the minimum / maximum of the pay ranges as set out in the STPCD.

Any teacher paid the minimum of the pay range will progress to the new minimum value. Any teacher paid the maximum of the pay range may progress to the new maximum subject to meeting the school's criteria for pay progression.

Where the teacher is eligible for a pay review and evidence of performance meets the school's criteria for pay progression as set out in this policy; the Employee will progress by 1 reference point on their respective pay range.

The school may award accelerated progression of more than 1 reference point for exceptional performance.

Partial incremental progression may be awarded where the teacher has made some progress but performance does not fully meet the criteria for an award of a full reference point.

TLR / SEN Allowances – the school will consider annually the increase to be applied to any allowances in payment. Any increase will be consistent with the percentage increase applied to the minimum / maximum of the pay ranges as set out in the STPCD.

Guidance Note:

- *This approach replicates pre 2013 incremental point based framework – 6 point main and 3 point upper pay range / head paid within a 7 point range / other leadership teachers within a 5 point range*
- *Minimum and maximum values of each pay range increase annually in line with the STPCD*
- *Any increase in the value of each reference point between the minimum and maximum values determined annually by school. This may be consistent with the minimum / maximum increase or school may determine a different percentage increase*
- *Where evidence of performance warrants a teacher moves to next reference point (this gives a total year on year increase on average in excess of 8%)*
- *Potential to adapt incremental point based framework to include additional points / half points*
- *Possible to allow for accelerated or partial progression to reward different performance levels*
- *Potential to develop locally agreed uniform intervals – e.g. 4% increase between points or varying the differentials between intervals to allow for smaller increases in first few years of teaching.*
- *Potential to add an additional ceiling value point so as to provide the option to enhance the school's 6th reference point where performance merits.*

Appendix 7: Pay progression Criteria for Support Staff

Guidance Note:

Schools may wish to specify their own criteria or use / adapt the criteria provided below. Schools / Academies are strongly advised to consider carefully developing specific criteria relevant to their local context and performance expectations.

Contribution Level	Summary of Definition
Not Assessed	<p>Assessment was not made because of</p> <ul style="list-style-type: none"> • long term absence, such as sickness or maternity leave, to an aggregate level of 9 months or more during the assessment year or • the employee's performance is being monitored and reviewed within the school's formal capability procedure or • the employee does not have the required service by the date of the TCP award
Performance Improvement Required	<p>Employee did not achieve the standards expected in the job. This may be due to one or a combination of:</p> <ul style="list-style-type: none"> • one or more performance management objectives not being met without adequate explanation • evidence of behaviour or conduct contrary to that expected in the role • a less than satisfactory attendance or punctuality record compared to the normal standards across the school <p>overall standards of performance in the job are less than expected</p>
Achieved the Required Standard	<p>The Employee has achieved all the performance objectives or if this is not the case there is an understandable and acceptable reason for this.</p> <p>Additionally performance generally is consistently sound across all key areas of the role and the behaviours demonstrated by the Employee are consistently positive.</p> <p>In common terms an Employee with this assessment would be regarded as sound, positive, reliable and doing a 'good job' all round and there will be a range of evidence to substantiate this.</p>
Performance Above the Required Standard	<p>Employees at this level will be those whose performance clearly stands out as above the norm. Their work will be seen to be consistently of a high calibre with a sense of pride in the quality of their work. Performance objectives will have been met and exceeded in some way unless the objectives were regarded as 'stretch' targets or particularly challenging in some way.</p>

	<p><i>There will be evidence of using own initiative and taking personal responsibility to seek out new tasks or responsibilities that are desirable, appropriate and have a positive impact on children and/or colleagues.</i></p> <p><i>Typically attendance would be expected to be very high.</i></p> <p><i>The Employee will also consistently demonstrate very positive behaviours towards their work, children and colleagues with clear evidence of effective outcomes.</i></p>
<p>An Outstanding Performance</p>	<p><i>Performance objectives will be delivered to an exceptionally high standard. The quality of work throughout the year will be regarded as first class and impressive in terms of what is achieved and how it is delivered.</i></p> <p><i>Employees at this level will be regarded by others as 'exceptional' in their role and they demonstrate exceptionally positive behaviours towards children, parents (if appropriate to role) and colleagues.</i></p> <p><i>There will be clear evidence of often going the 'extra mile', of doing things over and above expectation on a regular basis and constantly demonstrating behaviours consistent with the values, principles and ethos of this school.</i></p>

Appendix 8: Pay Appeals

Prior to making an appeal an Employee is encouraged to speak informally to their appraiser / Headteacher about any concerns they have about their pay recommendation which has been made.

An Employee may register a formal appeal against a decision regarding their pay. Appeals should be made in writing to the Headteacher / Chair of the Pay Committee within 10 working days of receipt of written confirmation of the pay decision.

An appeal may be made on the following grounds – that the school has:

- incorrectly applied the school's pay policy
- incorrectly applied any provision of the national or local terms and conditions of service
- failed to have proper regard for statutory guidance
- failed to take proper account of relevant evidence
- taken account of irrelevant or inaccurate evidence
- failed to act objectively or fairly in making the pay assessment

The letter of appeal should include full details of the reasons why the Employee is making an appeal on the stated grounds.

The Employee must submit to the Chair of the Appeal Committee any documentation in support of their appeal together with a summary of their case at least five working days prior to the Appeal Hearing.

Appeals will be considered by a panel of one or more governors within 20 working days of the receipt of the appeal.

The role of the panel is to review the original pay decision on the basis of the grounds of appeal presented by the Employee.

The outcome may be to:

- To uphold the original pay decision
- To uphold the Employee's appeal
- To refer the matter for reassessment by the Headteacher / Pay Committee who made the original decision or to seek the advice of an additional independent advisor

The Employee will be advised of the outcome of the appeal hearing, including reasons for the decision, usually within 5 working days of the Committee's decision being made. There is no further right of appeal.

The Employee is entitled to be accompanied at the Appeal Hearing by a workplace colleague or trade union / professional association representative. A postponement of up to 5 working days may be requested to allow the Employee's trade union or workplace colleague of choice to attend.

Procedure for an Appeal Meeting

- The chair of the appeal panel will introduce those present and their roles, explain the case to be considered, the procedure to be followed and the format of the meeting.
- The Employee or their representative shall put the case in support of the grounds for appeal. This may include referring to written submissions and evidence. The School's representative and panel and their respective advisors may ask questions of the Employee and their representative.
- The School's representative (Headteacher / Chair of the Pay Committee) presents the case for upholding the original pay decision and refers to written documentation. The Employee, their representative and the panel may ask questions of the School's representative.
- The panel will invite both parties to sum up their cases, with the Employee or his/her representative having the final word. The hearing will then be adjourned whilst the panel deliberates over the evidence
- Adjournments may be requested by both parties or by the panel during the appeal hearing. If new evidence is presented the appeal may need to be adjourned while this is investigated.
- The appeal hearing will then be adjourned whilst the panel deliberates over the evidence. If further clarity is required both parties may be recalled and the hearing reconvened so that all parties may hear any additional evidence.
- The appeal hearing is reconvened and the outcome is communicated verbally to the Employee. This should also be confirmed in writing. On occasion it may not be possible for the panel to reach a decision on the day of the hearing in which case the appeal may be reconvened or all parties may agree for the outcome to be communicated in writing within 5 working days of the decision being made.
