

Potter Class Learning

We have been thinking about the story of the Three Little Pigs. We answered questions and sequenced the story.

We built dens outside. They had walls, a roof, windows, doors and even a swimming pool!

We have started our Mega Brain challenges. A challenge we need to try on our own. We get a lolly stick arm or leg for our stick body.

We baked chocolate cakes to share in our café. We listened carefully to the instructions.

Each week the week's learning will be posted on our page on the website. The children will discuss what they want to include.
