

Potter Class Learning

We have been thinking about fireworks and making firework paintings.

We took part in our first SMART day and enjoyed drawing, making bird feeders and mini beast homes.

We threaded beads onto spaghetti to make fireworks.

We drew pictures of our favourite animal when we visited Dahl Class

We hope you all received our letters after our trip to the post box.

We look forward to seeing you at parent consultations over the next few weeks. Appointments will be bookable from Monday. Sign up to a slot on the table located in the playground.
