

Potter Class Learning

We investigated the ice on the playground. We found lots of shapes and patterns made in the play equipment.

We made puppets out of socks. We thought about names, ages and likes and dislikes before each sock chatted to a friend.

We created stories in our own Theatre. We numbered chairs, sold tickets and bought snacks.

We will be performing our Potter Class Play **'Grumpy Badger's Christmas'** on the 12th December (a letter with details will follow) We will be starting to think about the story next week

We took part in our first Open the Book. If we did not want to act we enjoyed watching our friends.
