

# Potter Class

We have been reading our proud clouds in class this week.

Remember if you would like more they are in the folder in the porch.

We wrote instructions for 'making a sock penguin.' We were all fantastic at sounding out our words!

We created Numicon cities and counted how many windows each building had.

Forest schools will be in the morning next week—please provide spare socks so we can change them for the afternoon if needed

Mrs Wootten followed our instructions to make a penguin. She was 'Mrs Maker' for the morning
